

THE EUREKA IRONSIDE CORN SHELTER

Is Another of our Specialties for 1895 and is the
Only Spring Power Sheller Manufactured Without Riddles.

Positively the Lightest Draft.
It cannot be clogged or choked.
Cleans the corn better than any
Sheller on earth. **We Can Prove**
It.
Costs less for repairs. Why? Be-
cause it has no riddles or shakeshoes
to jerk and shake to pieces.

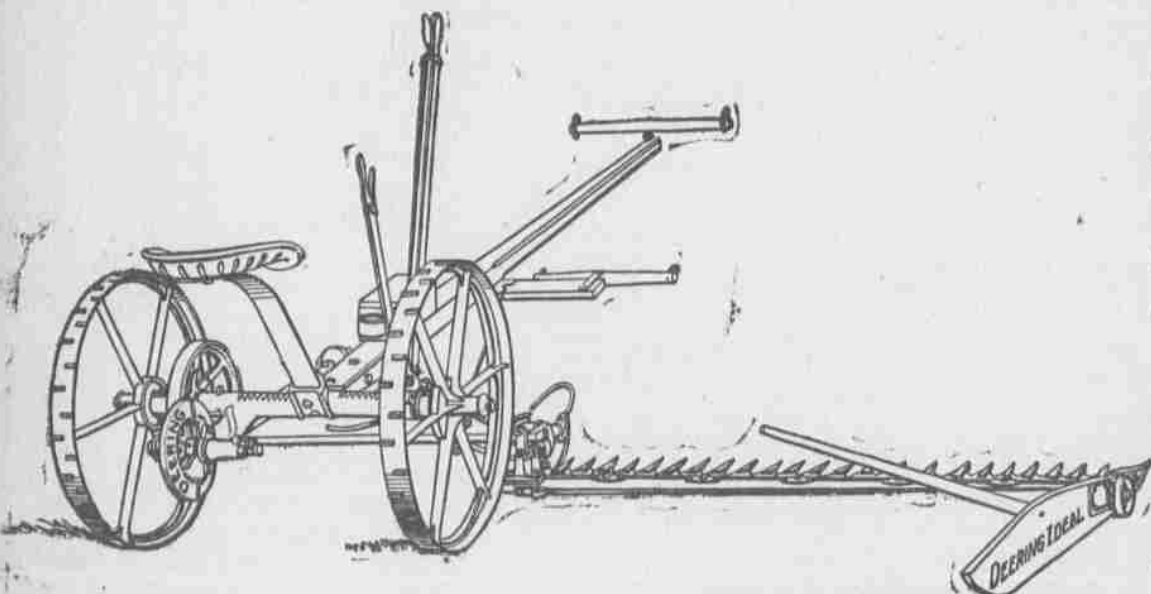

It is the only Spring Sheller made
that can be run faster than 750 revo-
lutions per minute without throwing
the corn over.

We will guarantee to run the Eureka
1,000 revolutions per minute without
injuring the machine and without
throwing corn over.

It has the only successful force feed
on the market.

We carry the only repairs for the Eureka Sheller in Hutchinson, because we have sold over 50 Eureka Shellers since the big corn crop of 1889 and we will sell 100 of them in 1895. Don't forget this fact. Our stock of sheller repairs is by far the largest of any in the state, because we are general agents for 14 counties in southwest Kansas.

Yes, this is the Deering Ideal Mower with Ball and Roller Bearings.
The Mower that was in the Wallace Show Parade that you have heard so
much about. They are selling fast. Farmers that are using them tell us
they are **perfect** and will run at least a horse lighter than the ordinary
mower of to-day. The supply is limited, come at once if you wish to
secure one.

Have you examined our stock of Buggies and Carriages in the Old
Postoffice building? Remember we carry the largest assortment in the
city.

Then we sell the old reliable Bain Wagon, its reputation is world
wide for good material and durability.

WATER EVERYWHERE!

The Old Rackensack on a Big
Tear.

Third Ward of the City Flooded
by the High Water.

MUCH DAMAGE DONE

To Gardens and to Adams and
Washington Streets.

To say Nothing of the Discomf-
iture of the

Residents of the Southwestern
Portion of the City.

Last Thursday night the Arkansas
river broke over above the Rock Island
railroad bridge and by Friday noon
almost the entire portion of the city
south of the creek and west of main
street was under water from 6 inches
to 2 feet. All day Friday the water
was at a standstill but Friday evening
it commenced running into Cow creek
near the water works bridge on
Adams street; it was soon also running
into the creek on Washington street
and by night both of these outlets
were carrying a huge volume of water.
Saturday afternoon a ditch was cut
into Cow creek through the alley back
of the Van Zandt building. Here the
water ran all night, when on Sunday
morning it was discovered the building
was in danger of being undermined
and this outlet was cut off throwing
the water into the Washington street
ditch. By Monday morning the whole
volume of water was running in the
Adams street outlet, and that street
is in a terrible plight. It has washed
in places to the depth of eight and ten
feet and will take thousands of loads
of dirt to replace it. A great portion
of the water had been drained off by
Monday night, but the river at that
time was still raising and continued
until Tuesday evening when it began
falling. The flats on avenue B and
the South Side bakery were badly
damaged by being undermined.

Board Organized.
The new board of directors of the
reformatory met last Saturday and
elected S. L. Peters chairman.

Postponed.
Owing to the shortness of the time
Rev. Botkin's lecture has been changed

from Saturday Aug. 3rd to Tuesday,
August 13 at 2 o'clock. Tell your
neighbors.

Democrats Met.
The county central committee met
last Saturday and called a county con-
vention for next Saturday, week.

At Nickerson.
Rev. J. D. Botkin will deliver his
non-partisan lecture at Nickerson on
the evening of Aug. 12. No admission
is charged to hear this lecture, and
everyone should avail themselves of
this opportunity.

Face Burned.
Robt. Schermerhorn had his face
badly burned from an explosion
caused by heated resin. He was trying
to bend a bicycle handle by heating
and had filled the same with resin
which on getting hot exploded.

Goes one Better.
The first girl who appeared on the
streets of McPherson in bloomers was
chased three blocks by an old cow.—

The girls in Hutchinson who wear
bloomers are each followed by a pair
of calves.

County Normal.
The annual session of the county
normal convened at the high school
building last Monday with a large
number of prospective and practicing
teachers. It is being conducted by
County Superintendent Dawson, Prof.
Winans of the city schools, Supt. Jack-
son, of the Nickerson city schools and
Clara Stark of Ft. Scott.

Known in This Vicinity.
From the Daily Pantagraph, of
Bloomington, Ill., we learn of the
death and burial of Mrs. Wm. Mayers
at that place. Mrs. Mayers was the
mother of Mr. Wm. Skein, of Brandy
Lake, this county with whom she has
spent two summers. Lack of space
and time only prevents us giving the
full report as published.

A Small Twister.
Monday evening about nine o'clock
a small sized cloud gathered in the
west and came up with a rush. A
good shower fell in the immediate

neighborhood of the city. In the
northeast part considerable damage
was done to Reno and Western salt
plants, by the wind which developed
into a small sized cyclone tearing down
derricks, smoke stacks, etc.

For the Trade.
W. W. Remick of the Commercial
Chop house ever on the alert to supply
his trade with the latest and best
viands and drinks has now on hand
and for sale the new temperance drink
known as Hop Ale, manufactured by
the Anheiser Busch Brewing Com-
pany. The drink has the taste of a
fine quality of lager beer but is not in
any form intoxicating.

Non-Partisan Lecture.
Rev. J. D. Botkin will deliver his
celebrated lecture, "The Problem of
the Unemployed," at Nickerson on
the evening of Aug. 12th and in this
city Aug. 13th at 2 p. m. In the
evening he will also speak on the
"Money Question." Mr. Botkin's lec-
tures are non-partisan, and should be
heard by every man, woman and child
in this county.

MR. D. W. KENT:
Dear Sir:—How does it happen that
Enterprise is entitled to 4 delegates to
the Plevna convention and but 3 to
Hutchinson. Which is right?
Truly yours,
M. G. HACKLER.

The above card has been turned
over to this office for explanation. Ac-
cording to the apportionment Enter-
prise is allowed 3 delegates to each
convention. While on this subject we
will also say that Roscoe is not in the
3rd district as stated in the call.

"Merrie England."
Our Nation's Crisis the progressive 50
cent reform weekly published at Denver,
Colorado, will print that greatest of all
reform works, "Merrie England," com-
plete in one double number, on August
10, 1895. The price of this issue is 5
cents, or 3 cents each in quantities of

50 or more. Of this remarkable work,
The Coming Nation speaks as follows:

"It is the most startling work ever
printed. Its sale in England has been
over 100,000 a month for nearly a year.
It is creating a new era in politics.
Where it has had a large sale the work-
ing people have 'seen the cat' and de-
feated the Tories and Liberals (same as
republicans) and democrats here) and
elected new officials of the new school
of politics. It is as large as the average
50 cent book. Don't delay a day in get-
ting it. It will arm you to meet and
overcome any argument of plutocracy or
its hirelings." Address all orders to

A Wonderful Cure.
Some months ago Mr. Geo. McKinstry
of this city sent to an old friend of his,
Mr. Jas. Brown, of Frankfort, Kansas, a
50 cent box of Johnson's Pile Remedy.
The following letter gives the result in
his own words:

FRANKFORT, KAS., July 1, 1895.
DEAR MR. B.:
It is simply impossible for me to find
words to express the gratitude I feel in
my heart towards you, in remembering a
friend in distress as you knew me to be.
I shall always think of you as my bene-
factor and remember you as a dear friend.
For the last twenty years I have suffered
with that terrible malady. I have con-
sulted doctors and have tried everything
I could hear of until I finally gave up
and made up my mind to suffer on
through life. But now I am through.
The application of the little box of oint-
ment (you so kindly sent to me) cured
me and I have been free from that dis-
tressing itching for the last two or three
weeks or more, and firmly believe it is a
permanent cure, and thanks to you for it.
Yours respectfully,
JAMES S. BROWN.

Not Immodest.

Riding the bicycle has ceased to be
either undignified or conspicuous. Sev-
eral years ago a bishop denounced the
practice by women as immodest and
therefore immoral. An immodest woman
on a bicycle would surely be immod-
est still, the well not having any power
to save her, but an immodest woman
would be immodest walking in the street
or sitting in church, or wherever she
might be. The bicycle has nothing
whatever to do with modesty or immod-
esty, with morality or immorality; and
when the pious bishop uttered his de-
nunciation of the machine and its use his
intellectuals must have been befuddled
by too much pondering on subjects too
hard or too easy for him. But his dic-
tation has not counted for much, for the
bicycle is growing in popularity every
day, and the manufacturers, one of whom
at least is turning out one hundred ma-
chines a day, have difficulty in filling the
orders that are sent to them.—John Gil-
mer Speed, in August Lippincott's.

G. A. R. Cheap Excursion.

The wisdom of the National Commit-
tee in selecting a city so centrally lo-
cated, easy of access, as Louisville, Ky.,
for the twenty-ninth annual Encamp-
ment of the Grand Army of the Repub-
lic, September 11th to September 14th is
fully justified, judging from the numer-
ous inquiries received from all parts
of the country relative to transportation
facilities, passenger rates, limits of
tickets, etc.

In anticipation of a very large atten-
dance, the Baltimore & Ohio Southwestern
Railway (formerly the O. & M. R'y), the
leading route to Louisville, from the
West, North and East, has made prepara-
tion to afford visitors every facility,
both in the way of low rates and fast
trains handsomely and comfortably
equipped, from all the terminal points.
Three daily trains from St. Louis to
Louisville; two trains daily (except) Sun-
day, Beardstown and Springfield to
Louisville; three daily trains Cincinnati
to Louisville; two daily trains Parkers-
burg to Louisville. Rate via B. & O. S.
W. R'y will not exceed one cent per
mile. Tickets will be on sale September
8th to 11th, inclusive, good returning
until October 8th 1895.

One of the principal events following
the close of the Encampment will be the
dedication of the Chickamauga National
Military Park, Chattanooga, Tenn., to
which excursion rate from Louisville,
Ky., will not be higher than one cent
per mile; in addition there will be cheap
excursions run from Louisville to the
various battle fields in the vicinity. The
citizens of Louisville are a unit in their
expressions of according to their guests
a royal entertainment during the En-
campment.

Any further particulars desired will
be cheerfully furnished on application to
A. C. Goodrich, Traveling Passenger
Agent of the B. & O. S-W. R'y, Kansas
City or to J. M. Chesbrough, General
Passenger Agent, St. Louis, Mo.
